Hi, I'm about to trade my 2011 Wildtrak in for a new BT 50 (3.2) I now the Mazda is not the best looking bakkie out here ,but I can get use to it. Took it for a test drive yesterday and sure is n huge improvement on my current Ranger. Any advise or things to look out for on the BT 50? Where can I get the load bin rubberized in the JHB area?
