Building iPhone and iPad Electronics Projects takes a departure from typical iOS development books in that it doesn't use Xcode. So you don't need to use a Mac to build the projects in the book. In fact, you don't even need to use a computer to develop your iOS app.

New Early Release Ebook from O'Reilly: Building iPhone and ...

As you can see, the answer to the question of where the iPhone is made isn't simple. It can boil down to China since that's where all the components are assembled, and the final, working devices come from, but it's a complex, nuanced worldwide effort to manufacture all the parts that go into making an iPhone.

Where Is the iPhone Made? (Hint: Not Just China)

iPad Form Maker is a business form builder for iOS devices (iPad and iPhone). It requires no programming and uses drag and drop to layout forms.

iPad Form Maker - The Business Form Builder for iOS Devices
