### The Divided World Human Rights

The most forceful contradictions of international human rights discourse, he argues, come into relief within anticolonial critiques of racial violence. To this end, The Divided World examines how a human rights-based international policy is ultimately mobilized to manage violence—by limiting the access of its victims to justice.

### The Divided World: Human Rights and Its Violence: Williams ...

A global history of human rights in a world of nation-states that grant rights to some while denying them to others Once dominated by vast empires, the world is now divided into close to 200 independent countries with laws and constitutions proclaiming human rights—a transformation that suggests that nations and human rights inevitably developed together.

### A World Divided: The Global Struggle for Human Rights in ...

The Divided World examines how a human rights-based international policy is ultimately mobilized to manage violence—by limiting the access of its victims to justice. This brilliant book examines the colonial legacy that haunts international human rights, demanding an understanding of justice that does not reproduce the colonial divisions of human society, but would thoroughly transform them.

### Universal Declaration of Human Rights | United Nations

Human rights encompass a wide variety of rights, including but not limited to the right to a fair trial, protection of physical integrity, protection against enslavement, the right to free speech, and the right to education. The protection of human rights is certainly one of the most important aspects of development.

### Human Rights - Our World in Data

Through vivid histories drawn from virtually every continent, A World Divided describes how, since the eighteenth century, nationalists have struggled to establish their own states that grant human rights to some people. At the same time, they have excluded others through forced assimilation, ethnic cleansing, or even genocide.
