While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

The Feminine Mistake Are We

I wrote *The Feminine Mistake: Are We Giving Up Too Much?* because the typical reporting on the job-versus-family issue was so biased and incomplete. The media gave lots of coverage to women who quit the labor force to become full-time mothers, but they treated this decision as if it were simply a lifestyle choice.
