a major impact on the study of the history of sexuality. Many authors, notably Lewis Henry Morgan and Friedrich Engels, were influenced by Bachofen, and criticized Bachofen's ideas on the subject, which were almost entirely drawn from a close reading of ancient mythology. In his 1861 book *Mother Right: An Investigation of the Religious and*

Big history employs an even wider framework than world history by putting human history into the context of the history of the universe as a whole. It starts with the Big Bang and traces the formation of galaxies, the solar system, the earth, its geological eras, the evolution of life and humans until the present day.

Human beings all over the world share the same basic emotions which are: sadness, anger, disgust, fear, surprise and happiness. Different cultural display rules, such as whether one can cry in public or show surprise or disgust in different situations, account for different ways that emotions appear.
